

ORGANISATION

Regional Telecom Training Centre, Mysore is one of the premier telecom training institutes of Bharat Sanchar Nigam Limited.

RTTC Mysore, headed by the Principal (DGM), started functioning in the present sprawling campus of about 20 acres from 23/01/1993. Earlier to that RTTC was located at Bangalore (since 1973).

RTTC is catering to the training needs in the telecom field and telecom Accounts field. RTTC is mainly involved in training TTA/JTO induction batches and in-service courses for JTOs, SDEs and DEs in their field of work. Workshop / Seminar for senior Executives are also organised here. JAO induction training and in-service course for Accounts, Civil and Electrical wing are also conducted.

The centre has well equipped class rooms with modern gadgets, a high quality conference hall, an audio visual lab, a library with more than 4500 books on various subjects. Other facilities include two well equipped hostel blocks with a total capacity of 320 participants, residential quarters for the faculty and other staff. Adequate facilities for indoor and outdoor games are available in the hostel blocks to cater to the needs of trainees and staff.

The centre has been identified as “**Centre for excellence in computers**” by DOT in the year 1998.

RTTC Mysore was identified as one of the four training centres in BSNL to impart specialised training on GSM for newly inducted JTOs and in-service course for other executives.

Faculty members are imparting training in switching, transmission, new telecom Technologies, marketing & sales promotion to new recruits and departmental promotees. RTTC is also organising many FTPs in various SSAs of Karnataka circle in new technology and value added services by deputing faculty members to respective SSAs.

R.T.T.C OFFERS THE FOLLOWING TRAININGS:

1. Induction training for newly recruited BSNL JTOs / JAOs/ TTAs/STOAs/TMs
2. Short duration in-service courses for executives in the area of new telecom technology.
3. Workshops / Seminars / Conferences on the state-of-art technologies and knowledge areas for senior Executives.

4. New courses as and when required and instructed by Regulatory Authority viz. BRBRAITT Jabalpur and CGM Karnataka circle.
5. Technology awareness courses for Non-executives.
6. As per the instructions from BSNL Corporate Office customised courses are conducted to outsiders as per the need.
7. Employability Enhancement Training programme sponsored by AICTE & Online Certificate Programme courses for engineering students.

VISION STATEMENT OF RTTC, MYSORE

RTTC aspires to be one of the best telecom training centres in India by being responsive and participant-centred institution dedicated to academic excellence, thereby enabling participants to think critically, work creatively, communicate effectively and become technologically competent so as to make BSNL a vibrant company.

MISSION STATEMENT OF RTTC, MYSORE

To deliver quality training that meets and exceeds trainees expectations, leading to provisioning of world class telecom services to BSNL customers.

QUALITY POLICY:

RTTC fraternity consisting of executives and non executives aims to provide quality training to all its customers and ensure optimum utilization of its training resources. It also aims to enhance customer satisfaction by means of commitment for continual improvement.
